DATABASE HIGHLIGHTS

- **More than 3+ million time series covering 195+ economies**
- **Granular country-level information on 18 macroeconomic sectors, such as inflation, exports, tourism and more**
- **Detailed methodological references at indicator, dataset, sector, and country levels**
- **Key series feature for quick reference on key country indicators, such as GDP, GNP, FDI, and CPI**
- **Focused coverage of key country players in 14 different industrial sectors**
- **Thousands of primary local sources and reputable third-party data from international organizations, such as the IMF and World Bank**
- **Data release schedule, including in-house estimates of next expected release dates**

KEY BENEFITS

- CEIC's versatile CDMNext is a web-based solution that allows users to easily explore the 4+ million series in CEIC's databases and quickly create insightful charts, reports, and analyses.
- Near-real-time updates of our data and release alerts ensure that you keep up with all macroeconomic trends and can quickly adjust your analyses.
- Detailed methodological references ensure accurate and informed data analysis.
- Our network of partnerships with local and international sources empowers you with the most valuable and hard-to-find data on emerging economies.
- Receive around-the-clock support by our team of expert analysts, giving you the benefit of their extensive knowledge of local nuances and insights about individual countries and industries.

SUPPORT AND LOCATIONS

Our customer support staff are based in 20 offices around the globe, and provide the training and support needed to help you make the most of Global Database. Leveraging on our extensive network of data experts, we resolve most inquiries within 24 hours. Regular email alerts keep you informed of new series added to the database.
